- Clean up went well. AC still not working on Mr. Skinner says someone to look at on the 18th. It was running not cooling.
- Fryer – Too expensive to get a new one. Someone coming to look at ours will know more next week.
- We have the new grill, still have to put together.
- Looking at cooking our own chicken fingers. Would like to support Willy T's but cannot sell and make a profit with what we are getting from them. Will reach out to Wings & Things and Chicken Plant to see if we can get a good deal through them.
- Boiled peanuts will be coming from the same supplier from the year before last. He cut price in half. Have to decide cups or bags. Bags if not used can be frozen.
- Prices should be staying the same.

- Whoever is cooking should not have to arrive as early with the new grill, should be able to cook around 60 hamburgers or 120 hot dogs at one time.
